DETAILS

1. This is a request for a semen evaluation to be performed using semen collected from our stallion identified above by us or under our instruction by a third party.
2. I acknowledge that the semen evaluation will be relative to this collection only and while correlation of results to other collections is likely, it cannot be guaranteed.
3. I acknowledge that the report I receive, which will make suggestion as to the most suitable extender is based solely upon sperm motility and does not indicate fertility of shipments using the suggested extender.
4. I understand that in addition to the charge for the evaluation, I will be responsible for all shipping costs of the Equitainer in both directions - to and from me.
5. I understand that a deposit will be held against return of the Equitainer to Equine-Reproduction.com LLC.
